

THE PLAGUE IN HONOLULU.

Surgeons Using Anti-Pest Serum With Success.

WASHINGTON, Feb. 27.—Surgeon General Wyman, of the marine hospital service, has received from Surgeon Carmichael, in charge at Honolulu, a report dated Feb. 8 in which the plague situation up to that time is described.

In this report Dr. Carmichael tells of the first use in the islands of the anti-pest serum. This serum was used in two cases up to the time of the report. One of these resulted fatally, while the other patient was improving rapidly with good chances for recovery.

The surgeon general has written to Dr. Carmichael calling his attention to previous communications and particularly to the results of experiments in the Porto epidemic of plague in which it is stated that much larger doses of serum must be used than heretofore have been considered necessary.

Dr. Carmichael says that since his report of Feb. 8 the situation had not improved. Two new centers of infection have been found, adjoining Chinatown, from which place it is strongly indicated the disease was spread by rats. Four cases of plague occurred between Feb. 2 and Feb. 8, three of which resulted fatally, making a total of 63 cases and 29 deaths since Dec. 12.

Run Down by an Engine.

FORT SCOTT, Kan., Feb. 27.—Sandy Calhoun, an ex-member of the Twentieth Kansas, was run down on a Memphis passenger train out of this city by a switch engine and arrested, charged with the murder of his business partner at Yale, Kan. He was apprehended when the train reached this city, but the officers thought he was a smallpox patient and released him. Shortly after the train left they were notified that he was wanted for murder. The company tendered the use of a switch engine and Calhoun was caught at a crossing just out of town.

Cotton Mill to Relocate.

MONTGOMERY, Ala., Feb. 27.—The Peoples' cotton factory, which was organized among the business men of Montgomery about three years ago, with a capital of \$100,000, has proved such a success that it will be doubled in capacity. It has added machinery to the city's prosperity and population and has been a most profitable investment for those who put their money into it. It was built on the co-operative plan.

POVERTY.

There will always be two opinions about poverty, Mr. Carnegie.—Boston Herald.

A man of vast wealth, like Mr. Carnegie, can afford to take a circus day view of poverty, but the time is sure to come in every boy's life when he will have to give up crawling under the tent.—St. Louis Globe-Democrat.

Poverty is a first rate thing to look back upon, but a mighty poor thing to stay in or to look forward to. There was nothing attractive about it to Mr. Carnegie, and the gait he struck when getting away from it has been the admiration of the age.—New York Telegram.

CHICAGO, Feb. 27.—An anti-imperialist convention will be held probably in Indianapolis soon after the Democratic and Republican parties have made their nominations for president and vice president of the United States. The attitude to be taken by the convention will have been decided upon then, and until that time the anti-imperialists will refrain from committing themselves on the presidential question.

Beware of Outcrops for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Cronj's Surrender Accepted as a Matter of Course in London.

LONDON, Feb. 27.—No one who did not know of General Cronj's surrender would suspect from the appearance of the town that London was today celebrating the chief victory of the war. Not a flag is flying and in front of the places where outbreaks are displayed to the public scarcely more than a dozen people stop at a time to read the news. Outside of the war office there is the same absence of enthusiasm, which is due doubtless to the drizzling rain.

In the war office lobbies a clerk posted the news of the surrender quite a crowd was awaiting and the bulletins were hailed with considerable enthusiasm and in an incredibly short space of time the news had spread to all parts of London. At the Mansion House, where the news was posted, it was received with great excitement by the crowds of business men hurrying to their offices and cries of "Bravo Roberts" and "Majuba" were heard.

The lord mayor of London said to the correspondent of the Associated Press that while the surrender of General Cronj was a foregone conclusion, the news was received with a great sense of relief and the general result of the capitulation, he thought, would be the rapid conclusion of hostilities.

NEW ORLEANS, Feb. 26.—The Cook County Marching club, with their band, 155 in all, arrived last night under the Presidency of John Fowler, and James H. Farrell, grand marshal. The train did not come until midnight and the Choctaw club had postponed the reception until morning, but the Chicago Democrats paraded, the ceremonies were reinstated and the reception lasted until morning.

The oyster in his bed of ooze. Waked with a start from his summer snooze. Opened his shell, and said, with a yawn: "I fear that our season of safety is gone. For my pleasant dreams were disturbed by the jar."

WINE OF CARDUI

Woman Knows Woman.

ZURICH, KAN., Jan. 31.

I used Wine of Cardui for nervousness and weakness in the womb. After taking one bottle I was well again. I am a midwife and always recommend Wine of Cardui to my lady friends during pregnancy and after birth as a tonic. Every lady who takes it finds that it does even more than is claimed for it.

MRS. V. M. BOISVERT.

McLure's Wine of Cardui

Nobody knows woman like woman. Men go to medical colleges, study books and listen to lectures. They learn indirectly of the diseases of women, but they are men and can never fully understand the ailments, the sufferings, the agonies of mothers, wives and sisters. A woman knows. Mrs. Boisvert knows. She has passed through the trials and tribulations of her sex. She has been near by when her sisters suffered. She has seen them relieved and cured with Wine of Cardui. Is it any wonder she recommends it? Is it any wonder that thousands of other women recommend it? They know. They have actual experience to prompt them. They spread the tidings from mouth to mouth, telling how Wine of Cardui helps young girls, helps the weak of all ages, helps and cures all womanly ills.
